**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are small business operator in Davis, California. Our local telecom company Omsoft has been easy and convenient to do business with.

We pay roughly \$60 a month for internet and a phone line. Prior to switching to Omsoft we were paying a little more \$100 per month. Best part of switching to Omsoft is that our bill in 3 years has not seen massive increases.

Obviously without Internet we would not be able to drive consumers to our store. Most people do their research online before deciding to visit our store.

So please do not allow big Telecom companies like AT&T and Verizon to bully smaller companies such as my provider Omsoft.
