**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Local internet providers are very important. First of all, they provide service in communities not served by the major corporations. Secondly, they keep the biggies honest by providing competition, an honored necessity in our democratic capitalism. I am looking forward to my local provider having fiber this October and I hope that they will be allowed to do this. as fast internet is necessary for my work.

Sincerely,

Daniel Boyarin
