**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In our household of 6, DSL was by far the worst Internet connection with a \$50 a month bill and my kids could not do their homework at all. We had to go to the library to use their computers so they can finish their homework. We tried Comcast and that was a little better, but it seems to get worst towards the end of the month and we don't even stream TV shows through the net. Then came along Sonic and we are so thrilled to have that kind of speed and the price was also cause it included Internet and a landline. My family saves an average of \$50 a month by switching. I am so tired of big companies taking advantage of us so they can line their pockets and not to think about anyone else but themselves.
