**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support More Competition in the Internet Access market, not Less. Newer technologies, and privacy protections are important to me, and those are delivered by local community network type Internet Access operations.

I live in a rural community, and my local broadband provider is critical for me. It is unfair to edge out the local provider I now have, so that bigger concerns can make a greater profit.
