Marlene Dortch, Secretary
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: *Connect America Fund*, WC Docket 10-90, Connect America Phase II Auction Order

Dear Ms. Dortch:

Troy Cablevision, Inc. ("Troy Cable") respectfully submits the following request to the Federal Communications Commission ("Commission") in response to the Wireline Competition Bureau's ("Bureau") publication of the preliminary list and map of census blocks deemed initially eligible for the Connect America Phase II Auction.

Troy Cable submits the following in order to update its coverage data and support Troy Cable's deployment of broadband at 10/1 speeds or greater, with a minimum usage allowance of 150 GBs at a rate meeting the Commission's current reasonable comparability benchmark, with latency not exceeding 100 ms, in census blocks that are included in the preliminary list:

- Troy Cable (FRN 0005017298) Certified Form 477 filing of December 31, 2015 (Attachment 1)
On January 1, 2016, Troy Cable merged with Com-Link, Inc. ("Com-Link"). Com-Link provides services to customers residing in the area surrounding Lake Martin, Alabama. Com-Link delivers video, voice, and high-speed broadband services. (All 2016 reports filed for Troy Cable included combined data of Troy Cable and Com-Link.)
- Com-Link, Inc. (FRN 0003740594) Certified Form 477 filing of December 31, 2015 (Final filing prior to merger - Attachment 2)
- Troy Cable (FRN 0005017298; including Com-Link) - June 30, 2016 (Attachment 3)
- List of "Eligible to Ineligible" Census Blocks (Attachment 4)

Troy Cable requests census blocks being served be removed from the Bureau's Connect America Phase II Auction and be deemed ineligible for Phase II support in the future.

Troy Cable greatly appreciates the opportunity to file this request. Should you have questions regarding this matter, please contact me at 334-566-3310.

Sincerely,
TROY CABLEVISION, INC.
