**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Completion is what drives the economy and innovations, i use small provider lmi.net which a is example of a company that is committed keeping the price at reasonable levels with no data caps unlike the big telecoms. allowing monopolies to control the access and pricing is bad for the citizens and democracy in the USA.
