**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Its imperative that the FCC support competitive market rates. Ive been with Sonic now for two years and couldnt be happier. Because of the significant increase in bandwidth (1GB) versus AT&Ts (60mbps) for the same cost, Im able to successfully work from home without experiencing any performance degradation, even when the rest of the family is gaming or streaming content.

This is a huge benefit as I live in the Bay Area where my commute to the office entails driving 140 miles each day.

If you dont think thats a big deal, then you get your behind out of bed every morning at 0445, just so you can make it in the office by 0715. Do the right thing and support Sonic and others that are willing to challenge the establishment for the betterment of all Americans.... vote for ANYONE but Trump!!!!!!
