**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need a diverse marketplace with competitive choices for consumers when it comes to high-speed internet.

Broadband is critical in my living situation where there are upwards of 6+ connecting devices *per user* multiplied by dozens more within my building.

The need is not limited to typical recreational purposes e.g. streaming; the ability to work from home on certain days (or on a daily basis for some users) makes a working, affordable broadband connection critical in our time.
