**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a customer of Sonic Internet. I was previously a Comcast customer for many years because they were able to provide the fast internet service that I needed. But Comcast did not have any competition and the price of my Comcast service kept going up until I was forced to switch to a package that I didn't really want. I finally found a local internet service which provided competitive rates and good broadband service in Sonic Internet. We all need broadband service since everything we do now is over the internet, shopping, paying bills, dealing with businesses, DMV, taxes, etc.. We need local internet service providers like Sonic. Please ensure they will continue to be able to provide us with the broadband service we need.
