47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Choice is a marker of our society and why you even exist-to make sure we have choices! I do not want anything but fiber connection for my internet services, and I do not want ATT. I dont have many options in my area, but they certainly dominate. Luckily, I do have the option of fiber, and my service is affordable and runs smoothly as I need. I do not like DSL for my purposes, but thats what ATT provides only. I have alternative phone service for that very reason- I like choices. Please continue to endure competition exists. Thanks!
