**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please allow Sonic to continue to compete in the broadband market - they are an amazing company that allow many to afford a connection that is second to none. This is how the market should work, small companies that recognize a need in the marketplace and takes risks to develop a viable business that challenges mainstream competitors.

We previously had Comcast and felt trapped by their prices, they had a monopoly and service was much slower. The FCC should be proud of fostering a company that provides a technology that is so much better than the competitors.

Sincerely,

sherri martin
