**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need competitive prices especially in rural areas. Big companies are already dealing damage to the consumer. Big companies get enough brakes the way it is. We already pay higher rates do to lack of availability of larger companies in our local rural areas. The last thing we need is big companies putting the little guy that supplies internet for us out of business.
