**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Well I see once again "Big Business" is trying to take over and run all small and local businesses out so that "they" will have control over all communications. Competition is good, just having one large(er) company to have control over (our) communication systems is not a good idea in my view. The idea of being at the "mercy" of just one Company for any service(s) is detrimental to the well being of us all.

Thank you.
