WE NEED YOUR HELP

DEC 15 1992

Occupant,

FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Are you having electrical difficulties due to the radio signals from KOKS FM radio station?

Most people in this area cannot receive channels 6, 15, or 8 during the day due to the radio programming of KOKS. Channel 12 is weak and some music is picked up on it during the daytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. *Now 24 hrs.*

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and necessary equipment is being effected in our households and bussinesses. TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with static, or a blank picture. On your stereo systems and radios you will frequently receive only KOKS radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children cannot enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our neccessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

**WE NEED YOUR HELP**

Occupant,

Are you having electrical difficulties due to the radio signals from KOKS FM radio station?

Most people are having problems receiving channels 6, 8, 12 or 15 due to radio interference from KOKS. The station started broadcasting around the first week of October 1988. Their hours started around 6:00 a.m. and stopped around 6:00 p.m. Starting about December 1st KOKS went to 24 hour broadcasting. This problem seems to cover a large area in and around the Poplar Bluff area.

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get used to it. You will never be able to pick up channel 6 again and we're not responsible for interference on radios, TV's, tape players ETC."

People are being out money to see why their TV's and radios are not working right. People do not know why they're having these electrical difficulties over the past months, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and necessary equipment are being affected in our households and businesses. TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burglar alarm systems, and baby monitors also receive the radio station signals.

If you're receiving the radio station signals on your TV, it will be blocked out, snowy with static, or a blank picture. On your stereo systems and radios you will frequently receive only KOKS radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children cannot enjoy regular programming or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our necessary household and business items.

We have tried for many months to get these problems solved. The radio station seems to think everything is okay, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

Feb 23, 89

To Whom It may concern;

KOKS came to my home and put a piece of TV antenna wire on my television, which they called a filter. Kepted very little and told the person who put this piece on while she was here - She asked me to try it for awhile and see if it will get better. It has not helped.

The interference: Ch 6 only music from KOKS.

Ch 8: picture gets distorted & music comes in & then the picture returns.  
Ch 15: picture distorts, a faint music, and then picture returns.  
also static 8 & 15.

Respectfully  
Leatha Piper

over

To Whom it may concern,

June 1, 89

The second filter was put on. Was told to call on request, which I did on May 2<sup>nd</sup>. On May 11, Mrs Stewart called to put another filter on. I told her she wasn't suppose to do this. Mr Pool told me an engineer was suppose to, not Mrs Stewart. Mr Pool also mentioned that he informed Mrs Stewart as such. She said Mr Pool did not tell her anything about this. Said she would call Mr Pool and would get back to me. I have not heard as of this date.

On May 23, 89 a new TV was delivered but could not get it to operate to satisfaction. Attempts were made two evenings. On May 25<sup>th</sup>, I called Charley's TV repair. A coax wire was put on antenna. Picture no better. Repair man was here three hours. One hour on antenna, two hours trying to get a clear picture. Tried a \$50 booster, he said, and other parts. Did not help one bit. Then he put on a true amp # FA-2543 traps. Which helped clear the picture. My TV reception is better but still not up to the standard it was before. My VCR will not work properly either. I can play a tape but can't record a tape. I have been out \$99.75 for this repair. Which I feel should be paid by KOKS, according to the rules & regulations I read. Charley's TV repair is the engineer for KOKS, which I didn't know when I called him. He mentioned that he had tried to get KOKS to use the right kind of parts to service the complaints, but said KOKS refused to do that. I live approximately 1,000 feet from tower. I called Mr Stewart today and I informed him of the repair bill. His reply "We have no money. So there is nothing I can do about it." He told me they were having an auction right now so we can pay the D.F.'s. But on the radio they are having the auction to pay for a new septic tank line. (6) Respectfully,  
Lester Piper

**INFORMAL OBJECTION**

This is an "Informal Objection" to the license renewal of Radio Station KOKS FM, 89.5 Poplar Bluff, Missouri on the grounds that they have not solved their blanketing and interference problems in and around the Poplar Bluff area.

I live in the blanketing area of Poplar Bluff. I feel that KOKS has not been fair nor honest with me nor this community.

KOKS music comes thru on my TV, and now this hum on my phone, and interference on my radio.

Mrs Stewart has been to my home on two occasions with a filter of sorts which did not work.

KOKS has not offered any assistance technically to benefit the interference they have caused.

Charley's TV Repair is an engineer for KOKS.

I engaged Charley at my expense and he put on a booster which worked for a short time. On Nov 27, 89, the booster was removed. At that time another type was put on. Don't know the results yet. But nothing so far has helped for a very long period. I have

Subscribed and sworn to before me this date 12-1-89.

exposed KOKS

Ch 8, 15, 39, 23, 8

lines of 'distortion' ch 12.

P.S. KOKS attitude does not seem  
to be in the interest & concern of the  
public.

Top-players & recorder will not play  
my tapes because KOKS comes thru  
instead. If I want to hear or listen  
to KOKS I would turn my radio  
at 89.5.

1. Did KOKS send you a questionnaire by Registered Certified Mail? yes or  no

2. Did you respond and send back their questionnaire? yes or  no

(a) Did you approve of a home visit? yes or no

(b) If answer to above is no, please explain why. Comment: never

contacted me

3. Did KOKS personel call and make an appointment to come to your home? yes or  no

(a) Did KOKS personel come at the appointed time? yes or no

(b) If answer to above is no, please explain. Comment: haven't been contacted since Oct 30, 90

4. Did KOKS personel bring a tape recorder into your home? yes or no

(a) If answer is yes, did KOKS personel ask for and receive your permission to use the recorder? yes or no Comment: no contact

5. Are you satisfied with the filter(s) that KOKS personel provided and does it continue to work at all times? yes or  no Comment: filters put

on in past did not solve problems

(a) If you had any problems with the filter, did you call the station?  yes or no

Comment: in past contacted them and told KOKS they did not work.

6. Did KOKS personel restore your guaranteed channels to the reception you received before KOKS started broadcasting? yes or  no

(a) If answer to above question is no, please describe continued interference on these channels:

Channel 12 lines & some static

Channel 15 double picture & lines & static. can not hear

Channel 8 same as CH 15.

7. How many TV's, radios, or stereos, in your home did KOKS put filters on?

how many TV's 1 radios 0 stereos 0 satellite dish 0

(a) How many other items (radios, TV's, stereos) do you own which are affected by KOKS signal. (NOTE: mention only items which may be plugged into an electrical outlet, not battery operated)? How many TV's 1 radios 1 stereos 1 satellite dish 0.

(b) Did KOKS personel offer to put filters on any of the above mentioned items listed in part (a) yes or  no Comments

This page of the questionnaire is included for you to write any additional comments.  
Please sign and date below, thank you.

KOKS new my problem was not solved  
and has not called or contacted me in  
any way.

Ch 39: located one half mile away=  
Have the same interference on 39  
as 15 & 8, lines in picture, static  
noise & double picture!

Do not understand how my case &  
complaint can be solved.

I have in the past now the present  
have informed the FCC of my continued  
problems. KOKS music in background.

Re: KOKS license renewal

QUESTIONNAIRE

Complainants NO.

1. Did KOKS send you a questionnaire by Registered Certified Mail?  yes or  no

2. Did you respond and send back their questionnaire?  yes or  no

(a) Did you approve of a home visit?  yes or  no

(b) If answer to above is no, please explain why. Comment: \_\_\_\_\_

3. Did KOKS personel call and make an appointment to come to your home?  yes or  no

(a) Did KOKS personel come at the appointed time?  yes or  no

(b) If answer to above is no, please explain. Comment: \_\_\_\_\_

4. Did KOKS personel bring a tape recorder into your home?  yes or  no

(a) If answer is yes, did KOKS personel ask for and receive your permission to use the recorder?  yes or  no Comment: \_\_\_\_\_

5. Are you satisfied with the filter(s) that KOKS personel provided and does it continue to work at all times?  yes or  no Comment: \_\_\_\_\_

*Sometimes, or I should say often we are not able to get Channel 6 or Channel 8*

(a) If you had any problems with the filter, did you call the station?  yes or  no  
Comment: \_\_\_\_\_

6. Did KOKS personel restore your guaranteed channels to the reception you received before KOKS started broadcasting?  yes or  no

(a) If answer to above question is no, please describe continued interference on these channels:

Channel 12 *Lines to picture rolls*

Channel 15 \_\_\_\_\_

Channel 8 *Sometimes noisy & not viewable*

7. How many TV's, radios, or stereos, in your home did KOKS put filters on?  
how many TV's 1 radios \_\_\_\_\_ stereos \_\_\_\_\_ satellite dish \_\_\_\_\_

(a) How many other items (radios, TV's, stereos) do you own which are affected by KOKS signal. (NOTE: mention only items which may be plugged into an electrical outlet, not battery operated)? How many TV's 1 radios 3 stereos \_\_\_\_\_ satellite dish 1

(b) Did KOKS personel offer to put filters on any of the above mentioned items listed in part (a)  yes or  no Comments \_\_\_\_\_

This page of the questionnaire is included for you to write any additional comments.  
Please sign and date below, thank you.

Before KOKS, we were able to get Channel 12, 15, 8, 23 & 6. Now, viewing on 12 & 15 ~~are~~ is fairly good most of the time - 8 & 6 are almost unviewable - 23 is never clear. Since the filter was put on we can get 6 & 8, sometimes it is clear & then suddenly there will be so much snow & the picture rolls so much that viewing is impossible. We are not happy with our I.T. reception & want it returned as it was before all this began.

We were asked to sign a paper after the home visit. We refused, however, not knowing if this filter was going to work out. If this paper was notarized it must have been done before entering my home. I did not see them doing anything except the lady was writing something on paper. I did not leave a copy with me or my husband!
