**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Your proposed new law is counter-productive.

The small companies in this country give better service. You can actually call them and speak to a live human being. We have ATT and Xfinity here, and because they have monopolies, they have terrible service. Good internet service should not be monopolized. Both these companies are vertical monopolies already. You should break them up instead of giving them corporate welfare.
