**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have chosen a provider known as Sonic due to the fact that they provide better service than all of the other major telecom companies in my area. Furthermore I trust this ISP with my data more than any of the larger companies due to their track record of protecting their customers unlike a lot of the other larger companies. They also provide me with home telephone access at better prices than other providers. Sonic has provided me with fiber where major telecoms like Comcast and AT&T have been unable to, and in doing so are more competitive than those companies in those areas. My ISP relies on UNE services and this would definitely materially harm my experience, by interrupting my service and preventing my ISP from being profitable by hurting their ability to expand. I implore you to reconsider your stance on this matter.
