**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic internet because they were a significantly cheaper and better option in my city. In the past I have been stuck with Comcast which is expensive and abuses their customers. With Comcast I have been actively lied to over the phone and placed into complicated price structures that weren't right for me. With Sonic, I got much faster internet for less.

I work in tech and good internet is critical for my job success. Having access to a high quality fiber connection has been a game changer, letting me do more with less.

If you make it harder to get access to high quality local providers, not only will you make my experience worse, you'll reduce the competitiveness of our economy.

R Esteve
