**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Big telcos are a problem and a burden for most in this country. We need rules that support a diverse ecosystem of companies to provide service to Americans and allow them a real choice about how they connect.

All big telcos want is more money, less change and the rules baked so that no one could ever compete or one-up them (to the benefit of literally everyone other than that company).

Fight for people. Not faceless corporations with shady agendas.
