**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I oppose the petition by USTelecom to the FCC to dismantle key components of the 1996 Telecommunications Act.

I, and many of my neighbors, rely on the fast, reliable, and inexpensive internet and phone service (fiber to home) provided by Sonic (a California company).

Prior to Sonic I had a DSL service provided by AT&T: I paid more for a 3 MBps service and less telephone features than I am paying now for Sonic service that provides over 600 MBps connection speed - 200 times more than I had for a more expensive AT&T service!

I had the Sonic service for almost two years -- I did not have a single instance of the service disruption!

Please keep me connected to the world using the fast and reliable service.

Thank you --

Boris Goldberg
