**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a Sonic residential subscriber I would be "materially affected" by your proposed changes to the 1996 Telecommunications Act because Sonic uses unbundled copper and inter-city fiber transport elements (UNEs) to service me with residential internet. Without access to those UNEs I won't be able to get residential internet from a service provider that I have used for over 20 years.

The effects of changing the legislation would seriously disadvantage me. I ask that you don't make these changes so I can continue to use a service that I and my neighbors have been using for years.

Helen Bradley
