**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We live in a very small town, and we need to be able to choose whatever services for phone and internet are available. We do NOT want price hikes that increase our costs of phone and internet services. We have to have internet as I go online for everything, including groceries as my husband is ill and I don't get out much, and we are elderly too. This is a rural community in wine country, and affordable services are so important to people on fixed incomes.

Sincerely,

Roberta Gleeson
