47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been using Sonic for my internet for 7 years, even though they cost a little more, because they are independent and have great customer service. I've had horrible experiences with both AT&T and Comcast and am grateful to live somewhere that I have a choice. Sonic supports net neutrality and doesn't store my data unnecessarily; two things the other big providers would like to change.
