**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have chosen a competitive provider for broadband internet, Sonic. I moved from ATT to Sonic because Sonic provides higher quality faster service and much better customer support at a substantially lower price than ATT did. Sonic also supports net neutrality.

Please do not change the rules to block competition and lower quality of service. Under the current system ATT could win my account back if they beat Sonic's package. Because they can't or won't they are trying to get the rules changed.

The FCC keeps saying that they are for freedom and competition. The way things are accomplished that. Changing the rules will mean that FCC is picking winners and losers. which is not its role.
