**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer and support broadband competition. We like to see competition because it levels the field of providers and maintains a healthier balance.

Ever since switching to fiber with a smaller company such as Sonic, compared to DSL service previously provided by HUGE corporation, the service has been unparalleled: There is actually Customer Service provided. The smaller company makes sure to answer all questions and proved consumer satisfaction solutions. Not my experience with the huge companies. Same applies to telephone service. I choose a competitive provider as the best provider.
