**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not allow big companies take over telecom and limit competition businesses. I have always disliked the limited internet services I have been able to choose from and prices have always been really high. This will cause a monopoly in this industry and customers will be pushed and bullied into paying for one provider.

I have always disliked the amount of service provided by companies but always trapped into paying to only one or two internet companies due to limited availability.

Service has always stayed the same but prices for internet has gone up and this is due to limited competition and businesses who have been bullied out.

Thank you,

Polly Wu
