**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need competition in the communication delivery options of phone and internet. Please do not allow USTelecom to convince you otherwise.

With the small providers of NON-bundled, simple individual service, we can have companies like Sonic & AV ISP in rural California. There are others, so do not be fooled by the lobbyists of ATT & USTelecomm & others. Where is your protection of the little small company or the citizens of the US who don't live in the metropolitan areas?

There is absolutely UNE-based competition remaining in the residential markets, and even if there were none, why would you SET UP a MONOPOLY?

Any monopoly will absolutely MATERIALLY affect residential services.
