**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a residential subscriber to Sonic internet that uses unbundled copper and inter-city fiber transport elements to give me my lightning fast internet at a fraction of the price Xfinity wants, please reconsider the changes USTelecom wants to make to components of the 1996 Telecommunications Act. I am one of the many that will be materially affected. If approved, it will give Xfinity the monopoly they're fighting for. I used to use Xfinity for DSL because I had nothing else to choose from. I am now able to get Fiber internet through Sonic at a fraction of Xfinity's price and I feel great supporting a local company too. Please reconsider approving their changes.
