**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a customer of the small ISP Sonic.net in California. I pay a fraction of what I would pay to big players and I get top quality service, in particular technical support and customer service. Without competition, the big players would have monopolies and would have no reason to make our internet speeds faster. Sonic is actively making residential fiber a possibility and I want them to continue the building out to my area. Keep our regulations in place!
