**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please allow for a more competitive marketplace. I was stuck with poor DSL service from AT&T for years. They were consistently raising their rates and never providing the internet speeds they promised.

When Sonic finally became available in our neighborhood I was excited to join. Unfortunately I was still under a two year contract with At&T and was forced to keep paying \$80 per month for 75 mbps service while Sonic was offering 1000mbps for \$40.

I paid the early termination fees from At&T and have been enjoying gigabit Internet. My children no longer complain about lag when everyone is on line and I don't have to worry about how much my internet is going to cost this month.
