47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Deciding to eliminate internet competition because you think nobody uses the smaller providers is nonsense. I found Sonic precisely because the high prices and utterly miserable service at ATT were more than I could handle. I have long records and logs of how hard it was to deal with ATT including trying to cancel the service which took 4 months of begging.

Sonic provides fast connections trouble free since I started, and amazing customer service with humans. I know they are working to provide fiber to more area in California.

Do not let the ATT lobby convince you were are not out here supporting smaller ISP providers. Do not consign me back to ATT misery.

Thank you,

Janet Dodson
