**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was so grateful to be able to sign on with Sonic Net many years ago. Previously, my provider proved to be erratic in service, expensive and with terrible customer service. Since I've been with Sonic I've had no complaints and any issue, rare that it has been, is quickly resolved.

Haven't we learned yet in this country how essential competition is for a healthy marketplace? The standard providers are aware of competition and this keeps them alert to their own services and pricing.

I implore you to consider the needs of your citizens. If you honestly do you'll support bridge to broadband.
