**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. We used to have AT&T service which was expensive and not all that reliable. It was impossible to deal with customer service . A few years ago I switched to Sonic, who were installing fiberoptic cable in out neighborhood, and are very happy to with their service. I especially like that when there is any problem at all with my phone or internet, Sonic has people who answer the phone, solve any problem, and keep in touch until everything works well.

I would oppose price hikes that will increase the cost of internet and telephone service. Please don't let the big telecom companies reduce competition in the San Francisco area.

Thank you.
