**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The possibility of eliminating competition at an infrastructure level is absolutely nonsensical. Competition is a good thing for consumers; it drives innovation and reduces prices. Please do not cave into the interests of these big businesses and continue to protect the public interests by promoting competition.
