**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As an older person on a fixed income, it is important to me to have internet service and landline service at reasonable price. The quality of the service is important as well. This is why I chose Sonic.net. I get internet service along with landline service and their customer service department is excellent! I felt that AT&T was too expensive for the landline service they were providing and Earthlink was a nightmare! Also, Sonic.net is a California company. I had DSL with Earthlink and I managed to switch to Sonic for both my landline and ISP and I'm very happy with my choice!

Please support broadband competition!

Thank you
