**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use a competitive provider because they provide a quality products at fair prices and care about local communities. Less competition in this marketplace will result in more expensive services with fewer options and greater restrictions. Broadband is incredibly important for the work I do and for my family: We are medical professionals who frequently perform research over the web. Without high quality, competitive broadband, we would not have jobs. Do not restrict competition.
