Re: Waiver of deadline for BEAR Invoice # 2844707

I received a revised FDCL for FRN 1699094729 on June 22, 2018 indicating I was authorized for the original amount of \$374,664.

On 3/15/18 I was paid \$334,728 on BEAR # 2503409 for this FRN.

I filed a case #244629 on 8/6/2018 to ask how I should proceed and the reply indicated that I should file a BEAR for the remaining amount.

I filed BEAR 2844707 to obtain the additional funding.

I now received a notification that I was outside the filing window and I was denied.

I had filed for the total amount on the original BEAR Invoice within the window, and that amount was reduced, and then later reinstated.

I clearly was inside the filing window on the original BEAR invoice, and I had no indication of the revised that had been reinstated until I received notification on June 22, 2018.

According to the Revised FDCL I have 120 days from the date of the letter to invoice. I clearly am within that window with this revised BEAR.

This letter is a request to grant a waiver for the 120 day filing window on the original BEAR 2503409 so that I may obtain the additional funds that were approved on the RFDCL on June 22, 2018
