**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I choose a local internet provider because it supports my local economy, creates jobs, and gives me a greater choice in providers. Comcast vs. AT&T is not much of a choice. It is dangerous to give so few companies so much power to control something as essential to modern society as the internet. As we know, they've already successfully paid many of you off to repeal net neutrality.

Give consumers more choice and freedom. Don't let the big guys have complete control over the market. America wins when there is real competition. That's what made this country great.
