**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have internet and landline phone service with Sonic. After struggling for over 15 years with first AT&T then Comcast I am finally happy with the service I receive. We need to enhance competition not limit it. I am retired and cannot afford the constantly increasing cost that the dominant carriers impose on their customers once they are in their systems. Not only is the cost an issue but the faulty service and repetitive problems which were never resolved were part of the poor service offered by AT&T and Comcast.

Please do whatever is necessary to protect and maintain the competitive number of providers, especially companies like Sonic - not just two huge companies which do not provide good service, and gouge their customers.
