**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not limit competition from small internet service providers by limiting access to broadband infrastructure to these small companies. If large monopolistic companies like AT&T and Comcast are allowed to limit access we all suffer from increased pricing and decreased service. I subscribe to a small internet provider operating over AT&T lines, they offer competitive pricing and excellent service, please allow this type of organization to continue to offer an alternative to the mega-companies and drive innovation.
