**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose the Davis Community Network (DCN) because it provides low cost internet access and excellent, convenient customer service.

Please let DCN retain its access to the Public Switched Telephone System (PSTN). If my taxes paid for this system, why is there a proposal for its use being limited to mega giant telecoms, e.g., AT&T and Verizon?

Recently, I needed to adjust my bill with AT&T. To resolve the problem, I made four telephone calls plus going to AT&T's website and being put on hold for 10 to 15 minutes at each number I dialed. The computerized system even directed me to the wrong number.

I do not want my internet provider service limited to companies that are more focused on mergers and acquisitions than on customer service.

I support more competition in the Internet Access Market.

Yours truly,

Janet Lundin
