**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

After years of high prices and terrible customer service from two different large internet providers, we switched to a smaller, competitive internet provider. We have used their service for phone (land line) and internet for many years now and have been so happy with the change. The prices, customer service and connectivity to the internet are immeasurably better than when we used the either of the major providers of internet service in our area.

Please do not take steps that will reduce our choice only to the two large internet providers. These companies need competition and as consumers we need to have the choice of smaller competitive service providers.

Thank you for your attention to these matters.
