**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use a local internet service provider for my home internet service, not AT&T or Comcast. I support local businesses. Competition still exists in the internet service market, and is still important both economically and politically. AT&T should not be allowed to raise prices on local ISP's and drive them out of business. This would effectively make AT&T a monopoly, and that would be bad for this country.
