**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing to you again to support internet providers like Sonic.net, a local company that has excellent customer support, affordable prices, and great quality service.

We need competition in the internet services industry to protect customers from being swallowed whole by large bundled corporate packages that are expensive and design to make profit, not serve customers.

I run a sole proprietorship that is almost exclusive conducted on the internet. Any increase in costs will have negative affect on my business.

I support broadband competition and urge you to continue to promote competition.
