**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a retired couple with limited computer experience, we have relied on Gorge Networks to provide technical support and reasonable cost. The USTelecoms petition appears to limit these services. The expansion of Gorge Networks would be to our advantage as consumers.

We were with Century Link and experienced poor service and were charged a fee to buy our phone number to go to Gorge Networks.

The reasonable cost of our present service would certainly increase if Century Link or another company controlled what Gorge Networks could offer.
