**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a residential customer with high bandwidth needs, I am so thankful to have incredibly fast and inexpensive Internet service from Sonic who are also a pleasure to deal with and incredibly professional. None of these things can be said of Comcast who is grossly overpriced and blatantly abusive of their customers (nothing has made me happier than firing them!) or AT&T who have been slow, lumbering, indifferent, and who once corrupted my personal data leaving me with another customers unpaid bills and related credit score damage.

We need vigorous competition in this space and its doing what it should - giving consumers like me the best and most affordable product.

Regards,

Ethan Miller
