**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Freedom of personal choice and a competitive market is a foundation that must be maintained.

I say no to this price hiking and perhaps eliminating my choice of internet service and a pricing that is fair. This is a business arena that the rising "Plutocratic Fascist Oligarchy" wants to control to its financial control goals and desires.

I use a land line and have a land line service included in my internet service. I'm not putting on a absurdly priced cell phone service and want to continue the land line and internet service as I have it today.

How can anyone pay for \$1000 for a phone and over \$100 a month for phone/internet service.

I cannot imagine what this attempt to limit the internet to a few corporate dictators would do to pricing and service speed. I would probably end my internet if controlled by a fascist element of modern Capitalism!
