**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Internet providers should have competitive pricing. Otherwise the consumer has to pay more than is fair.

Internet availability is important to people of all ages. Households with school age children need competitive prices for connectivity for students.

College age students, of course, need connectivity for academic work.

Seniors like me need connectivity, too!

Thank you,
