**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have using internet services from Sonic company for more than 8 years. I selected that local broadband provider and still using it services because of Sonic competitive prices and excellent service.

Please continue to follow 1996 Telecommunications Act, which enabling competitive market to entry and encouraging new fiber network deployment.

Please reject "US Telecom" petition, that ask to take away access to critical unbundled network elements, which critical to local fiber network deployment. Otherwise it will less competition at the broadband market and, as result, prices for internet and telephone services will rise.
