**Re: Notice of Ex Parte – City of San Jose, California – WT Docket No. 17-79
(Accelerating Wireless Broadband Deployment by Removing Barriers to
Infrastructure Investment) and GN Docket No. 17-83 (Accelerating
Broadband Deployment)**

Dear Ms. Dortch:

On August 31, 2018, the Honorable Sam Liccardo, Mayor of the City of San Jose, California, and Shireen Santosham, Chief Innovation Officer, Mayor's Office of Technology and Innovation, spoke by telephone with Commissioner Brendan Carr. Commissioner Carr's office had requested the call to speak with Mayor Liccardo about his experience with small cell deployments in San Jose.

The discussion touched on certain issues potentially being considered in WT Docket No. 17-79, such as design standards, rights-of-way, shot clock and deemed-granted provisions. The participants also discussed Mayor Liccardo's recent Ex Parte Letter, refiled in the referenced Dockets on August 22, 2018, concerning San Jose's recent small cell agreements.

This filing is made in accordance with Section 1.1206(b)(1) of the Commission's rules.¹

Respectfully submitted,

Sam Liccardo
Mayor of San José
