**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I value competition and free market choice. I Say NO to price hikes that will increase the cost of internet and telephone services.

Our ATT bill has gone up year after year without any increase in service/performance as we are outside of the fiber area. Our only other choice is cable which we don't want and is just as expensive. We need low cost high speed internet.

Broadband is critical to my home, business and school.

My husband and I are consumers and small business owners who supports broadband competition.
